

Reach your professional goals by Pirelli. Become part of a global company that operates in 160 countries, 4 continents, with 24 plants around the world and 38,000 employees. You will work with the world. If you're ready to be part of an international scenario, apply now!

For our plant in Slatina we are looking for interns to be introduced in various departments such as:

- R&D
- PRODUCTION
- PLANNING
- QUALITY
- MAINTENANCE
- INDUSTRIAL ENGINEERING
- HUMAN RESOURCES
- HSE
- IT
- A&C

**You will become confident with the following activities/areas:**

- Manufacturing processes
- Problem solving methodologies
- Specific operative systems
- Exposure to interdepartmental projects

### **What's in it for you?**

For those that are still students (last year of Faculty or enrolled in a master program), the selected interns will be inserted into a group composed of highly professional members, having a real opportunity to improve the knowledge of business processes into a challenging team.

Send your CV with the title "Internship HR Department" to:
